Caring is at the heart of everything we do...

Meadow House offers dedicated care for people with a physical disability, specialising in care for people with neurological conditions.

This purpose built, single storey home was opened in 1989 and has built up an enviable reputation in both the local and wider community for its outstanding care. Extended recently, it has been sympathetically designed to offer a range of single rooms, a welcoming reception area, large lounges, dining room and a separate Activities Centre, all of which are available for our residents and their guests to enjoy. Although rooms are fully furnished, we encourage residents to bring their own items of furniture and personal effects to complement those provided.

Meadow House offers day centre facilities, Monday-Friday between 9am-4pm. The morning consists of physio activities alongside residents of Meadow House in the Activities Centre. Lunch is then served in the main dining area of the home. In the afternoon a varied activities programme is available and trips out are arranged. Our nurses are able to assist you with medication or other requirements you may have.
