

Beaumont Park

Part of the Healthcare Homes Group

Caring is at the heart of everything we do...

Beaumont Park is a beautiful Victorian double-fronted house, which has retained many interesting architectural details, yet has been modernised to provide a high quality nursing and residential care environment.

Beaumont Park exudes a warm, homely atmosphere where many people tell us they instantly feel at ease. The rooms are elegant, bright and charming; and in warmer weather residents and their visitors can enjoy the large conservatory and terrace. The home can accommodate up to 37 nursing and residential residents. Bedrooms are particularly spacious and fully furnished but we encourage residents to bring their own items of furniture and personal possessions so that their room becomes an individual retreat.

“I can only say that what just about makes it bearable is the kindness and treatment I’ve seen from all of the staff. The fondness they have for my mother is evident and equally her fondness for them.”

“The annual BBQ is always very generous to residents and families with a warm welcome. We have been pleased she is able to display her photo’s on the walls.”

“Mum enjoys the chapel service in the conservatory and now goes across to trinity methodist chapel. She begins to join in more and more activities and enjoys the visits in her room from activity staff. She loves the staff keeping her room clean and clothes washed and hung up. She calls it a 5 star hotel. After a lifetime of hard work this is a reward indeed.”
