Caring is at the heart of everything we do...

This purpose built, single storey care home offers extremely high quality residential care for elderly people.

All of the bedrooms at Olive House include en-suite facilities, and the home incorporates a welcoming reception area, dining room and many lounge areas. Attractive gardens surround the home, which our residents and their guests regularly enjoy.

Although our rooms are fully furnished, we encourage residents to bring with them items of furniture and personal effects to complement those already provided so that their room can become an individual retreat.

“My mother has been very happy since her move to Olive House. The care and support given to her has been excellent.

As a family, we all feel a lot happier that mum is in a nice home with the care and support she needs. Everyone around her, staff and management are always so helpful at all times.”

“This is a lovely care home with a lovely atmosphere. My mother was in another home and she is much happier here. She says the carers are willing to do anything to help her and that the food is lovely. Her room is very attractive and she already has some of her own pictures on the walls which makes it feel “home from home”
