

Overbury House

Part of the Healthcare Homes Group

Caring is at the heart of everything we do...

Overbury House is a care home in Wroxham that provides dedicated nursing and residential care for those living with dementia.

Our aim is to provide a warm, homely atmosphere where individuals are well cared for and comfortable. We encourage residents to bring with them items of furniture and personal possessions so that their room can be a true 'home from home'. We provide individual and attentive care with a high staff ratio. All our carers are intent on preserving the resident's right to choice, privacy and dignity.

It is a period building, filled with light from its huge bay windows, and sits in its own landscaped grounds that contain mature trees, ornamental shrubs and a beach scene area. Over recent years the house has been sympathetically extended to provide tasteful, modern accommodation with all the facilities you might expect in a nursing home of this calibre.

"As I arrived at the entrance of mum's care home I was delighted to see vases of flowers all around and a message to take one for the resident you were visiting. What a lot of time and hard work had been put in by the entertainments manager."

"Within 24 hours of being a resident at Overbury House, Nursing and Residential Home my aunt's life was totally transformed she is loving it there I have never seen her so happy for many years. She interacts with all the staff and other residents who all seem to love her from the manager to all the staff, they are all totally committed to the comfort, care and well-being of all the residents.
